

NOTES ON SOME NON-INSECT INVERTEBRATES ON LUNDY

By
A. J. PARSONS
Barnfield, Crewkerne, Somerset

Mollusca

Lauria cylindracea (da Costa)	Beach Road
Discus rotundatus (Muller)	common
Arion ater (L.)	(including A.a. rufus (L.)) common
Deroceras reticulatum (Muller)	common
Clausilia bidentata (Strom)	very common
Candidula intersecta (Poiret)	frequent
Trichia striolata (Pfeiffer)	common
Cepaea nemoralis (L.)	abundant
Helix aspersa (Muller)	frequent

Hirudinea

Haemphis sanguisuga (L.)	I found a specimen of this large blackish leech (which I photographed and released) on 200683, in front of the church. There appear to be no records of this species in the annual reports (including the recent freshwater surveys) although the residents acknowledge that they are encountered fairly frequently.
--------------------------	--

Diplopoda

Glomeris marginata (Villiers)	quarries (perhaps a little surprising here here; it tends to be a calcophile, although it is certainly found on other soils).
Proteroiulus fuscus (Am Stein)	common, Millcombe
Tachypodoiulus niger (Leach)	frequent, quarries

Chilopoda

Geophilus carpophagus (Leach)	quarries
Cryptops hortensis (Leach)	common
Lithobius variegatus (Leach)	common
Lithobius forficatus (L.)	common

Isopoda

Platyarthrus hoffmannseggi (Brandt)	twelve found in one Myrmica ruginodis nest, Quarter-wall Cottages
Trichoniscus pusillus (Brandt)	common
Armadillidium vulgare (Latreille)	common
Porcellio scaber (Latreille)	very common
Oniscus asellus (L.)	very common

Acarina

Eriophyes similis Nalorpa	galls common on leaves of Prunus spinosa, Millcombe
---------------------------	---

Araneae

Harpactea hombergi (Scop.)	Quarter-wall Cottages
Pholcus phalangioides (Fuesslin)	Big St. Johns
Xysticus cristatus (Clerck)	Quarter-wall Pond
Salticus scenicus (Clerck)	common
Heliophanus cupreus (Walck.)	common
Aelurillus v-insignitus (Clerck)	common, West Cliffs
Pardosa monticola (Clerck)	abundant on West Cliffs
Alopecosa pulverulenta (Clerck)	St. Johns Valley
Pisaura mirabilis (Clerck)	common
Textrix denticulata (Olivier)	common, West Cliffs
Lepthyphantes mengei (Kulczynski)	Beach Road
