

LUNDY 1984

By  
A. J. PARSONS

Trichoptera

*Limnephilus sparsus* (Curtis) 300584 by Old Light

Odonata

*Sympetrum striolatum* (Charp.) 250984 egg-laying

Hemiptera — Heteroptera

- \* *Palomena prasina* (L.) 290584 Millcombe
- \* *Peritrechus geniculatus* (Hahn) 290584 Millcombe
- \* *Stenodema calcaratum* (Fall.) 270584 St. John's Valley
- \* *Stenodema laevigatum* (L.) 290584 St. John's Valley
- \* *Capsus ater* (L.) 290584 Millcombe
- \* *Velia caprai Tamanini* 260584 'leat' by Millcombe lower gate

Hemiptera — Homoptera

- \* *Aphrodes albifrons* (L.) 270584 very common St. John's Valley
- \* *Aphrodes albiger* (Germar) 290584 St. John's Valley
- Thamnotettix confinis* (Zett.) 270584 St. John's Valley
- \* *Macrosteles sexnotatus* (Fall.) 290584 St. John's Valley
- \* *Criomorphus albomarginatus* (Curtis) 290584 St. John's Valley

Lepidoptera

- \* *Glyphipterix simpliciella* (Stephens) 010684 St. John's Valley
- \* *Eesperia sulphurella* (Fab.) 270584 rhododendrons
- \* *Dichrorampha plumbana* (Scop.) 260584 to 010684 common
- \* *Bactria lancealana* (Hubner) 260584 to 010684 very common
- \* *Alucita hexadactyla* (L.) 010684 Millcombe
- \* *Crambus pratella* (L.) 290584 Quarterwall
- \* *Crambus perlella* (Scop.) 250984 Terraces
- Clouded Yellow — *Colia croceus* (Geoff.) 250984 one, Millcombe
- Large White — *Pieris brassicae* (L.) 230984 one, St. John's Valley
- Small White — *Pieris rapae* (L.) 280584 one, Beach Road
- Green-veined White — *Pieris napi* (L.) 290584 five
- Small Copper — *Lycaena phlaeas* (L.) 220984: two, 250984: three, 290984: one
- Common Blue — *Polyommatus icarus* (Rott.) 010684 one, St. John's Valley
- Red Admiral — *Vanessa atalanta* (L.) noted on five dates between 2309 and 2909  
with one to seven on four dates and twenty on 250984
- Small Tortoiseshell — *Aglais urticae* (L.) 230984: one, 250984: three
- Peacock — *Inachis io* (L.) 250984 one, Millcombe
- Small Heath — *Coenonympha pamphilus* (L.) 270584 one, Pondsbury
- Fox Moth — *Macrothylacia rubi* (L.) 2309 to 280984, larvae very common
- \* Blood Vein — *Timandra griseata* (Peters.) 300584 one, Millcombe
- Hummingbird Hawk Moth — *Macroglossum stellatarum* (L.) 250984: one, 280984:  
two
- Lesser Yellow Underwing — *Noctua comes* (Hubner) 240984 one, Millcombe
- White Ermine — *Spilosoma lubricipeda* (L.) 010684 one, St. John's Valley
- Broom Moth — *Ceramica pisi* (L.) 280984 one larva, Millcombe

Coleoptera

- Nebria brevicollis* (Fab.) 240984 Millcombe
- Abax parallelepipedus* (Pill. & Mitt.) 270984 St. John's Valley
- Cercyon atomarius* (Fab.) 260584 common
- Staphylinus olens* (Muller) 280984 Millcombe
- Philonthus cognatus* (Stephens) 300584 St. John's Valley
- Quedius mesomelinus* (Marsham) 290584 St. John's Valley

*Aleochara lanuginosa* (Grav.) 260584 bovine faeces, common  
*Typhaeus typhoeus* (L.) several in May  
*Geotrupes stercorarius* (L.) 280984 Millcombe  
*Geotrupes stercorosus* (Scriba) common in May; 2409 to 260984, several  
*Colobopteropus fossor* (L.) 260584 bovine faeces  
*Aphodius depressus* (Kugelann) 260584 bovine faeces  
*Agrypnus murinus* (L.) 290584 Beach Road  
*Cidnorhinus quadrimaculatus* (L.) 290584 St. John's Valley

#### Hymenoptera — Symphyta

*Pristiphora fulvipes* (Fall.) 290584 swept from *Salix repens*, Pondsbury

#### Hymenoptera — Parasitica

\**Pimpla instigator* (Fab.) 290584 Beach Road  
\**Hemiteles imbecillus* (Grav.) 290584 St. John's Valley  
\**Pycnocryptus director* (Thunberg) 290584 St. John's Valley  
\**Barichneumon basalis* (Perkins) 290584 St. John's Valley

#### Hymenoptera — Aculeata

*Myrmica ruginodis* (Nyl.) 290584 Pondsbury  
\**Andrena jacobii* (Perkins) 290584 Beach Road  
\**Andrena angustior* (Kirby) 270584 path by St. John's Valley, several  
\**Lasioglossum morio* (Fab.) 270584 path by St. John's Valley, three plus  
*Bombus lucorum* (L.) 300584  
\**Bombus terrestris* (L.) 300584: one, 220984: one  
*Bombus muscorum* (L.) 220984  
*Bombus pascuorum* (Scop.) 300584: one, 220984: one

#### Diptera

*Tipula oleracea* (L.) 290584 common  
*Tipula paludosa* (Mg.) 250984 several  
*Limnophila fulvonervosa* (Schummel) 020684 several, St. John's Valley  
*Procladius choreus* (Mg.) (su Pinder; 1978) common, Pondsbury  
*Glyptotendipes paripes* (Edwards) very common, Pondsbury  
*Empis tessellata* (Fab.) 010684  
*Dolichopus atratus* (Mg.) very common at many sites in May  
\**Epistrophe eligans* (Harris) 270584 St. John's Valley  
*Metasyrphus corollae* (Fab.) 290584 St. John's Valley  
*Episyrphus balteatus* (Degeer) 250984 several  
\**Platycheirus scutatus* (Mg.) 290584 St. John's Valley  
*Pyrophaena rosarum* (Fab.) 010684 St. John's Valley  
*Chrysogaster hirtella* (Loew) 290584 several St. John's Valley  
*Lejogaster metallina* (Fab.) 290584 several Quarterwall  
*Neoascia podagrica* (Fab.) 290584 common St. John's Valley  
*Eristalis tenax* (L.) 250984 several  
\**Leptocera zosteræ* (Haliday) 290584 in rotting seaweed on beach  
*Scaptomyza graminum* (Fall.) 290584 St. John's Valley  
\**Napomyza scrophulariae* (Spencer) 290584 St. John's Valley  
\**Pegohylemyia dissecta* (Mg.) 290584 St. John's Valley  
*Coenosia femoralis* (Rob.-Desv.) 290584 several, Pondsbury  
*Coenosia tigrina* (Fab.) 290584 St. John's Valley

#### Siphonaptera

\**Dasyptillus gallinulae* (Dale) 270584 Big St. John's (a common bird flea!)

#### Chilopoda

\**Geophilus insculptus* (Attems) 260584: one, under bovine faeces, 280584: one, Pondsbury  
\**Strigamia maritima* (Leach) 230984 one, beach

#### Arachnida

- Pholcus phalangoides* (Fuesslin) 010684 Big St. John's  
*Pardosa pullata* (Clerck) 290584 St. John's Valley; abundant  
*Tetrax denticulata* (Olivier) 290584 St. John's Valley  
\* *Zygiella atrica* (C. L. Koch) 290584 St. John's Valley  
\* *Monocephalus fuscipes* (Blackwall) 290584 St. John's Valley  
\* *Erigonella hiemalis* (Blackwall) 290584 St. John's Valley  
*Linyphia clathrata* (Sundevall) 290584 St. John's Valley

#### Mollusca

- Lauria cylindracea* (da Costa) 290584 St. John's Valley  
*Cochlicopa lubrica* (Muller) 290584 St. John's Valley

#### Isopoda

- \* *Philoscia muscorum* (Scop.) 290584 St. John's Valley; several

#### Mammalia

Rabbit: maximum noted on any one date was four on 230984. The profusion of thrift above Jenny's Cove was possibly related to the reduction in numbers.

Feral cat: On 270584 a black and white cat was seen carrying prey (unidentified — apparently a small bird) into a pile of rocks 150m north of the Heligoland on the Terraces. It is possible that breeding may have occurred here since the animal appeared to be a lactating female.

Grey Seal: On 310584 twenty were present at the North End and on 260984 eleven were present together on the east side.

Sika Deer: Maximum count at one time of seven (four males, three females) on 010684.

Goat: Thirteen were counted on 300584.

Soay Sheep: On 310584 thirty were found, including eight lambs, and on 260984 thirty-three were found.
